25X1C Airfield of OSCHERSLEBEN

 1 July 1949

1. The hangars and quarters of the OSCHERSLEBEN (W 53/D 48) airfield were in a state of ruin on 1 July 1949. Two cantonment buildings served as storehouses for civilian firms. The entire landing field was under cultivation. No preparations indicating intended reoccupation of the airfield were observed.
2. Extensive repair work would be necessary to make the field serviceable again.
